

# 13 HEALTH – SAFETY & SECURITY

- Most people (97%) seem to enjoy a feeling of safety and security, though 9% had some area where they felt unsafe – in the lanes/speeding traffic/unlit areas/crossing A303.
- People would like to see more police presence.
- Police presence needed at night in car parks such as Staple Hill (*they do already visit – our PCSO was heading there after the PC Meeting on Sept 3*)
- Speeding – in Little Hill & Hare Lane. **Police to follow up?**

## **NEIGHBOURHOOD WATCH**

### **STOP PRESS**

**After 15 years, our NW co-ordinator, Chris Watkis (to whom we owe a debt of gratitude) has resigned.**

**WE NOW NEED A NEW CO-ORDINATOR.**

**Now is your chance to make a fresh start with the scheme. Please leave contact details below.**

**Chris, in a computer upgrade, has lost all the NW email addresses. Please leave yours for future inclusion.**

## NEIGHBOURHOOD WATCH

- Some thought more publicity needed ([Village Directory useful here](#))
- More active recruiting of new members?
- Some suggested NW could be a good way of communicating for the village – or could this dilute its essential message?
- How can non-computer users be included?  
Telephone favoured.
- Cascade system of communication was used in past, but had problems of breaks in chain.  
[How to address this?](#)
- 17% thought improvements could be made in NW scheme.
