

# 5 THE CHURCH

- PCC want to see more use made of the Church – the biggest building in BSM
- **Your answers passed to PCC for consideration.**
- The PCC are working on plans for installing water/kitchen/lavatory in the church.
- Many comments on possible uses – *some already being done (concerts, Community Choir)* - and place in community
- Excellent centre for meetings – as today.
- Some emphasise spiritual support – a sanctuary for all; sense of time and tradition embodied here.

- Its religious role the most important element for some.
- Many emphasise social function: hub of community; facilitates meeting with others (especially now no Shop). Coffee mornings praised.
- Some feel it could tap better into needs of community.
- Some feel it could do better in supporting the lonely and disadvantaged.
- Welcome pack to Church for newcomers suggested.
- More focus on children
- More links with school – already in hand? *eg Open the Book/display of children's artwork*
